# Lab: Spring Web MVC

*Created by Lasse Jenssen*

[Home](#)

# Item Shopping List

*Task: Add UPDATE and DELETE functionality*

- Base the lab on the code in one of the "demo-05-spring-web-lang" project:
  - Project file: "demo-05-spring-web-lang.zip" (see Course Modules overview)
- Add functionality to update and delete an Item from the Shopping list.
- Try to refactor the code to be robust.
- Add support for a third language.
